

UNIVERSIDAD DE GRANADA

Instituto de
Neurociencias Federico
Olóriz

Publicaciones

The "Federico Olóriz" Institute of Neuroscience is proud of its very high scientific productivity that increases year after year in both quantity and quality.

This production translates into a multitude of scientific publications in specialized journals of recognized international prestige, as well as in books and book chapters, the collection "Encounters in Neurosciences" (which includes the works presented at the Institute's Biennial Scientific Conference), Doctoral Thesis and Master's Thesis.
